ABSTRACT

Actual financial data from audit reports on county education districts (CEDs) are presented as required by the Texas Education Code. In summary, it is noted that the CEDs generally fulfilled their obligations relative to collection and distributions of taxes; and that administrative expenditures were not excessive and the amount of delinquent taxes, expressed as a percentage of total taxes levied, was not excessive. The following four tables present financial information for the CEDs: (1) statement of revenues, expenditures, and fund balances; (2) comparison of required to actual distribution of funds; (3) schedule of delinquent taxes; and (4) revenues by source. Five appendixes contain additional schedules of revenue and expenses, definitions of terms, and a list of CEDs. (SLD)

Members of the Legislative Education Board:

Section 16.007 of the Texas Education Code (TEC) requires the Texas Education Agency to file with the Legislative Education Board a report on the financial status of county education districts (CEDs). CEDs are governmental bodies that were established by statute in 1991 with the passage of Senate Bill 351 by the 72nd Texas Legislature to levy, assess, collect and distribute taxes to be used by the Texas public free schools.

This report contains actual financial data taken from audit reports on CEDs as submitted by certified public accountants. Each CED is required to be audited annually in accordance with the provisions contained in the agency's Bulletin 679, Financial Accounting Manual.

Agency staff reviewed and compiled the information submitted on each CED for the 1991-92 school year. In summary, it was noted that CEDs generally fulfilled their obligation relative to the collection and distribution of taxes, administrative expenditures were not excessive, and the amount of delinquent taxes expressed as a percentage of total taxes levied was minimal.

The attached report is submitted in compliance with the provisions in TEC Section 16.007.

Sincerely,

Lionel R. Meno
Commissioner of Education

COUNTY EDUCATION DISTRICTS
STATUS REPORT TO THE LEGISLATIVE EDUCATION BOARD
Year Ended August 31, 1992

I. Introduction

This report provides information concerning the financial status of the County Education Districts (CEDs), as mandated by the *Texas Education Code* Subchapter A. General Provisions, §16.007 (c):

"(c) The Central Education Agency shall report annually to the Legislative Education Board the financial status of each county education district. The report shall include the total state and local education revenues for each tier of the Foundation School Program."

Audits of the CEDs were conducted by certified public accountants for the 1991-92 fiscal year ending August 31, 1992, and provide the basis for this report. Standard accounting procedures and audit requirements were established and communicated to all CEDs in Change 25 and 26 to Bulletin 679, Financial Accounting Manual.

Appendix I provides the definition of terms used in this report.

II. County Education Districts

The CED is a governmental body created in 1991 by the Texas legislature for the limited purpose of exercising certain and prescribed taxing authority (TEC §20.942). Each CED was authorized to use its governmental powers only for the purpose of levying, assessing, collecting and distributing a tax within its jurisdiction.

Specific authority granted to the CEDs includes:

- TEC §23.26(a)--general powers to acquire real and personal property, sue and be sued.
- TEC §23.26(c)--vesting title to district property in the trustees;
- TEC Chapter 23, Subchapter C--governing budget and fiscal accounting system requirements;
- TEC Chapter 23, Subchapter E--relating to depositories; and
- TEC 20.943(d)--providing that a CED may also enter into contracts and employ personnel necessary to perform its limited functions.

With the few exceptions cited in law, a CED is composed of all school districts that are assigned to a single county in the *1990-91 Texas School Directory*. All CEDs and component school districts are listed in Appendix V.

The legislation which created CEDs, Senate Bill 351 of the 72nd Texas Legislature, has been declared unconstitutional by the Texas Supreme Court. However, the Supreme Court directed the CEDs to continue operating during the 1992-93 school year and gave the Texas legislature a June 1, 1993 deadline to devise a new school finance system. To date, the Texas legislature has not passed a new school finance system; therefore, the continued existence of CEDs is uncertain at this time.

III. Discussion

Administrative Expenses:

As indicated by the following summarized Statement of Revenues, Expenditures, and Fund Balances for the year ending August 31, 1992, for all CEDs in Table I, administrative expenditures incurred for the operation of CEDs were relatively low. The majority of expenditures were direct payments to local school districts and comprised 99.93 percent of all expenditures attributed to CEDs.

TABLE I
COUNTY EDUCATION DISTRICTS
Statement of Revenues, Expenditures, and Fund Balances
Year Ended August 31, 1992

REVENUES:		
Local	$4,606,646,937	
Totals	$4,606,646,937	
EXPENDITURES:		Percent
Payroll Costs	$ 175,641	0.0039%
Purchased & Contracted Services	2,245,623	0.0495%
Supplies & Materials	80,314	0.0017%
Other Operating Expenses	480,572	0.0106%
Tax Payments to LEAs	4,530,587,891	99.9333%
Capital Outlay	41,105	0.00010
Total Expenditures	$4,533,611,146	100.0000%
FUND BALANCE 08/31/92	$ 73,035,791	1.5855%

Total administrative expenditures reported by CEDs were $3.02 million. Of that amount, $2.25 million, or approximately 74 percent, was attributed to expenses for purchased and contracted services. Purchased and contracted services include legal services, tax appraisal and collection, audit services, and other professional contracted services. However, the total expenditures reported for these services and for the other types of expenditures may not be indicative of the actual cost of operating CEDs., as local school districts assigned to administer the operation of CEDs absorbed some or all of the costs.

The fund balance as of August 31, 1992, totaled $73.0 million and comprises 1.586 percent of the total revenue collected by CEDs. These fund balances were available for distribution to local school districts on September 1, 1992.

Appendix II is a listing of total revenue, total expenditures by account classification, and ending fund balance for each CED. Excluding payments made to local school districts, the highest administrative expenditure reported was $210,172. There were 33 CEDs that reported no administrative expenditures. The largest fund balance reported was $11,308,253. There were 32 CEDs with no fund balance and 4 CEDs had a deficit fund balance.

Distribution of Funds:

Table II is a summary comparing the amount all CEDs were required to raise to the amount actually distributed to local school districts. Each CED was required by law to raise its share of the cost of the Foundation School Program. For the 1991-92 school year, each CED's share was an amount equivalent to $.72 times the total 1990 taxable value of property in the CED as determined by the Comptroller's Property Tax Division.

As indicated below, CEDs distributed 99.875 percent of the total required to be raised.

TABLE II
COUNTY EDUCATION DISTRICTS
Comparison of Required to Actual Distribution of Funds
Year Ended August 31, 1992

Required Local Share	Actual Distribution	Difference Over (Under)	Percent Distributed
$4,536,253,064	$4,530,587,891	($ 5,665,173)	99.875%

Appendix III lists this same comparison for each CED and is ranked by the percent of the required local share that was actually distributed to component school districts. The amount actually distributed expressed as a percent of the required local share ranged from 112.8 percent to 88.30 percent. In dollar amounts, the range was from $808,601 more than was required to $2,343,762 less than was required.

Delinquent Taxes:

Table III is a schedule of delinquent taxes for all CEDs. As indicated, there were $182,603,386 in delinquent taxes as of August 31, 1992, comprising 3.85 percent of the total taxes levied by all CEDs.

TABLE III

Current Year's Total Levy	$4,743,289,149

Entire Year's Adjustments	(10,479,681)
Delinquent Taxes 08/31/92	$ 182,603,386
Delinquents as Percent of Levy	3.849%

Appendix IV is a schedule of delinquent taxes for all CEDs ranked by percent of CED tax levy. All CEDs reported delinquent taxes. The percentage of delinquent taxes ranged from 12.63% to .87%. In dollar amounts, the largest amount of delinquent taxes was $33,074,982 (4.09 %), while the lowest was $4,842 (1.73 %).

The average CED tax rate was $.7970, and ranged from $.9873 to $.5193.

Foundation School Program Revenues:

The school finance system currently in place is generally referred to as a two-tier system. The first tier provides a basic educational program that meets accreditation and other legal standards and is financed totally by a combination of state and CED revenues. There is no local school district tax effort required to finance this basic program.

The second tier is designed to afford local school districts the opportunity to enrich the basic program and provide additional funds for facilities through a guaranteed yield system of financing. For the 1991-92 school year, the guaranteed yield for each cent of tax effort, up to a maximum of 45 cents, is $21.50 per weighted pupil.

Table IV indicates the revenues for each tier of the current finance system. As noted, the $9.908 billion cost of Tier I is financed by state and CED revenues. The state's share of this cost is approximately 54.2 percent, with the CED financing the remaining 45.8 percent. For Tier II entitlements, local school districts are assessing and collecting approximately $2.9 billion and receiving in return for that effort approximately $1.30 billion additional state revenue. As indicated, CED revenues are not part of Tier II financing.

	TIER I	TIER II	TOTALS

IV. ISSUES AND CONCERNS

TEC Section 16.501(d) requires CEDs to retain any taxes collected in excess of the required local share for distribution in succeeding years. There were a few CEDs that collected and distributed more than their required local share prior to September 1, 1992 (see Appendix III). Excess funds collected were to be used to reduce the CED's local share obligation for the 1992-93 school year and thereby reduce the 1992-93 CED tax rate.

Conversely, there were several CEDs that did not collect and distribute the required minimum local share (see Appendix III). Most CEDs' delinquent taxes would be sufficient to meet the required minimum local share if collected; however, of concern are five CEDs that would not have met the minimum local share even if all of their delinquent taxes were collected.

It was also disclosed that some CEDs had material weaknesses related to records management and internal controls. The agency will require those CEDs to take corrective action to address those concerns.

V. CONCLUSIONS

With few exceptions, CEDs complied with their mandated obligations. Taxes were levied, collected, and distributed in accordance with provisions in law with minimal administrative expense to the CED.

COUNTY EDUCATION DISTRICTS

Current Year's Tax Levy - Taxes levied for fiscal period September 1, 1991-August 31, 1992.

Delinquent Taxes - Taxes remaining unpaid on August 31, 1992 and after the date on which they become delinquent by statute, February 1, 1992.

Expenditures - Increase in net financial expense. Expenditure includes current operating expense requiring the present or future use of net current assets and shared revenue.

Fiscal Year - A twelve-month period of time to which the annual budget applies and at the end of which a local education agency determines its financial position and the results of its operations. Public schools have a fiscal year ending on August 31.

Foundation School Program - The current school finance system contained in Senate Bill 351 as passed by the 72nd Legislature.

Fund Balance - The excess of assets of a fund over its liabilities and reserves. During the fiscal year prior to closing, it represents the excess of the fund's assets and estimated revenues for the period over its liabilities, reserves and appropriations for the period.

Revenues - Increases in the current assets of a governmental fund type from other than expenditure refunds and residual equity transfers, such as cash and accrual of taxes receivable.

Taxes - Compulsory charges levied by a governmental unit for the purpose of financing services performed for the common benefit.

Tier I - The first tier of the two-tier Foundation School Program, guaranteeing sufficient financing to provide a basic educational program that will meet accreditation and legal standards.

Tier II - The second tier of the two-tier Foundation School Program consisting of a guaranteed yield system of financing designed to provide school districts with substantially equal access to funds for program enrichment and facilities.

Reviews of local education agencies pertaining to compliance with Title VI Civil Rights Act of 1964 and with specific requirements of the Modified Court Order, Civil Action No. 5281, Federal District Court, Eastern District of Texas, Tyler Division are conducted periodically by staff representatives of the Texas Education Agency. These reviews cover at least the following policies and practices:

(1) acceptance policies on student transfers from other school districts;

(2) operation of school bus routes or runs on a non-segregated basis;

(3) nondiscrimination in extracurricular activities and the use of school facilities;

(4) nondiscriminatory practices in the hiring, assigning, promoting, paying, demoting, reassigning, or dismissing of faculty and staff members who work with children;

(5) enrollment and assignment of students without discrimination on the basis of race, color, or national origin;

(6) nondiscriminatory practices relating to the use of a student's first language; and

(7) evidence of published procedures for hearing complaints and grievances.

In addition to conducting reviews, the Texas Education Agency staff representatives check complaints of discrimination made by a citizen or citizens residing in a school district where it is alleged discriminatory practices have occurred or are occurring.

Where a violation of Title VI of the Civil Rights Act is found, the findings are reported to the Office for Civil Rights, U.S. Department of Education.

If there is a direct violation of the Court Order in Civil Action No. 5281 that cannot be cleared through negotiation, the sanctions required by the Court Order are applied.

TITLE VII, CIVIL RIGHTS ACT OF 1964 AS AMENDED; EXECUTIVE ORDERS 11246 AND 11375; TITLE IX, EDUCATION AMENDMENTS; REHABILITATION ACT OF 1973 AS AMENDED; 1974 AMENDMENTS TO THE WAGE-HOUR LAW EXPANDING THE AGE DISCRIMINATION IN EMPLOYMENT ACT OF 1967; VIETNAM ERA VETERANS READJUSTMENT ASSISTANCE ACT OF 1972 AS AMENDED; AMERICAN DISABILITIES ACT OF 1990; AND THE CIVIL RIGHTS ACT OF 1991.

The Texas Education Agency shall comply fully with the nondiscrimination provisions of all Federal and State laws and regulations by assuring that no person shall be excluded from consideration for recruitment, selection, appointment, training, promotion, retention, or any other personnel action, or be denied any benefits or participation in any educational programs or activities which it operates on the grounds of race, religion, color, national origin, sex, handicap, age, or veteran status or a disability requiring accommodation (except where age, sex, or handicap constitute a bona fide occupational qualification necessary to proper and efficient administration).
